Guidelines for filling up course Accreditation Performa

For each course the Institute would like to take the accreditation, a separate course Accreditation Performa is to be filled up.

1,2,3,4 - To be filled as per course Performa.

6 - The batch size of the student would be selected based upon the equipment available in the lab or vice versa.

9 - The course content is to be developed based upon the detailed syllabus and hours dedicated for each module. If the competent staff is not available to develop the course content internally, the same can be got done through expert from the industry or educational institutes. In case any such tie up is available for the course content development the details shall be provided.

11, 14, 15 - Same as given in course Performa.

12 – The required number of hardware is based on the batch size.

13 - The number of hardware available with the Institute.

16 - The required numbers of books for total student.

17– The available numbers of books with the Institute

18- The number of faculty is to be selected in such a way that the maximum contact hour should not exceed 18 hours per week per faculty.

19, 20- The basic qualification of the faculty should be such a way that the faculty is studied the subject in his qualifying examination or he/she has the enough working experience in a particular field to handle the course. The teacher’s qualification& experience for different levels shall be as shown below.
